

## WhisperVille - The Mysterious Town

### Invitation to an International Jamboree in Germany

Tribe "Silva" of the German Boy and Girl Scout Association DPSG („Deutsche Pfadfinderschaft St. Georg") is preparing an international jamboree for scouts and guides of all ages and from all countries in cooperation with an international team from 4 different countries..

The jamboree is called "WhisperVille - The Mysterious Town". It will take place at the scout campsite "Brexachtal" in Germany in July 2007, 14<sup>th</sup> to 22<sup>nd</sup>. After a pre-application-period in 2006 we expect about 150 to 200 scouts from at least 6 countries.

The aim of the jamboree is to celebrate centenary of scouting and to give scouts and guides of all ages the opportunity to experience international scouting.

As one special thing about scouting is the fact that there are 36 million people all over the world living in the same spirit, we want to give the participants the ability to make international contacts, build up international partnerships and set a sign for peace and understanding, showing that people from different countries with different mentalities and habits can live together as one group.

The animated program will be about an abandoned town, where scouts from different countries arrive by accident and learn to live together as one community with all their special skills. Although the main language of the camp will be English, the program will be held in a way that every scout in every age from every nation can understand and easily join in the complete program.

There will be several workshops as well as animated games, all of them with the aim to mix the different nationalities and to establish contacts and friendships as part of the world fellowship of the scout movement.
